

# T-WHEEL

SKU: C0300024

LIGHTBRIDGE  
PHOTOLINE

Introducing our NEW Precision Mount, the T-Wheel.

- Intuitive, precise control in limited spaces.
- Developed for table top lighting.
- Our mount feels like a paintbrush in your hand, giving you full creative control.
- The T-Wheel is designed to support reflectors up to 25x25 cm in size.
- Seamlessly mounts to industry-standard 16 mm | 5/8" baby pins.

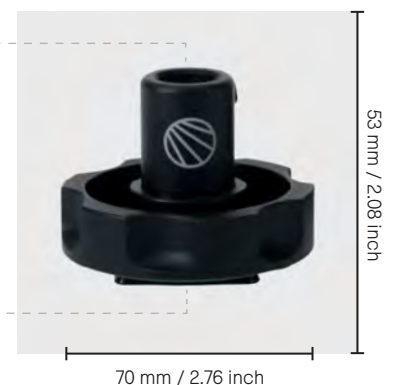

Weight: Only 0.075 kg / 0.165 lbs

## THE ALL NEW T-WHEEL

Holds: Up to 25x25 cm Precision Reflectors

## INDUSTRY'S REFERENCE C-WHEEL

Holds: Up to 50x50 cm Precision Reflectors

Gently turn the T-Wheel until it rests against the green cushion - lock position.

Over-tightening may reduce the grip on the rail.

If the Safety Wedge should break (it is designed to break above 5kN), you can easily replace it through the FUTUREPROOF Support Program.
